

Hilltop Urban Church

“Membership” Application: Becoming A *Disciple*

Having turned from my brokenness and self to God and His Kingdom, having experienced God’s Grace, having trusted Jesus Christ as my King and Savior, and having entered into the life of His family at Hilltop Urban Church, I believe God wants me to commit myself to Jesus and his body at Hilltop:

With the Lord’s help, I commit to being a *Disciple* at HUC:

1. Surrendering my life and will to Jesus Christ, living for Him, not myself.
2. Be honest with myself, God, and others in our body about the state of my heart and soul and humbly ask God to work inside me that I might become like Jesus. I invite others who know and care about me to support, guide, and even correct me.
3. Remain a committed part of this family of God in a house church or other such honest group¹. I will work at being honest about my struggles and building trusting, loving, and honest relationships with other members and work through conflicts and differences.
4. Do my part, using my gifts to help the body grow in love.
5. Live out together in our community the Three Loves: Loving God, loving one another, and loving our neighbors as ourselves.
